### About Voices of Women

Founded on October 17, 2001 in response to the events of 9/11, Voices of Women (VOW) presents programs that raise awareness of global issues. Through its fundraising efforts, VOW has assisted organizations such as Save the Children, Women for Women International, the United Nations Association of San Diego, and Wheelchairs for Israel/Palestine. In addition, VOW's contributions have enabled a woman peacemaker in Uganda to continue her work, bought school supplies in Afghanistan, and supported a micro-credit program in India. As an education resource, VOW invites speakers from around the world to San Diego, providing an open forum to speak freely about women's issues and economic conditions in their part of the world. **VOW has 501c3 status. For more information and to become a member of VOW, please visit [www.voicesofwomen.org](http://www.voicesofwomen.org)**
